

PrevQuarterStartDate

Given the input date, returns a date representing the first day of the previous Gregorian calendar quarter.

Syntax

```
PrevQuarterStartDate(Date)
```

Parameters

Date

The date to return the previous quarter start date for.

Examples

The following expression returns the first day of the quarter before 2006-03-12 occurred:

```
[DateCustom].[StandardMonth].[Quarter].&[ ` PrevQuarterStartDate("2006-03-12T12:30:10") ` ]
```
