LEVEL_NUMBER

The distance of the member from the root of the hierarchy. The root level is ALL level and has a LEVEL_NUMBER of zero.

Syntax

 ${\tt Member_Expression.LEVEL_NUMBER}$

Input Parameters

None

Return Value

Integer

Example

Don't display sales amount at the Year level, however, display sales amount at all other levels.

 $IIF([Order\ Date\ Dimension].[Order\ Retail 445]. current Member. LEVEL_NUMBER = 1,\ NULL,\ [Measures].[sales amount 1])$
